The Board of Education has established normal business hours as 8:00 a.m. to 4:30 p.m., Monday through Friday, with a half hour lunch period for leadership and central office personnel. Supervisors may set the times for lunch and break periods and may stagger these times to ensure that each worksite is appropriately staffed at all times.

Normal work hours for teachers and instructional assistants are from 8:00 a.m. until 4:00 p.m., Monday through Friday. Certificated personnel may work beyond 4:00 p.m. as deemed necessary by their immediate supervisor (Security, PTA/PTO, extra-curricular activities, etc.) or as needed to satisfactorily complete job duties. Employees in violation of this policy will be addressed according to the time missed (Policies 5.1.2 [a. and b.]. Normal work hours for Child Nutrition employees fall between 7:00 a.m. and 4:00 p.m.; normal hours for the transportation department fall between 6:00 a.m. and 5:00 p.m.; and Maintenance hours are from 7:30 a.m. to 4:00 p.m. Classified employees may not work before their designated start time or beyond their designated end time. (Policy 5.10 and 3.11.5)

Salary

Salary schedules are based on training and job-related experiences. Salary schedules are approved by the board of education. (Policy 3.11.1)

Overtime

Certified employees and classified employees who are in supervisory (“Exempt”) positions are not entitled to overtime pay or compensatory release time. For other classified employees, overtime is defined as the amount of time worked beyond 40 hours in a week. All overtime work must be approved in advance by the Superintendent. (Policy 3.11.5)

Personnel in violation of the Overtime Policy may be brought before the Superintendent for disciplinary purposes in accordance with the Students’ First Act.

Pay Periods/Pay Days

Payroll data is compiled at the school or district department level at the close of each month and reported to the district payroll department approximately one week later. The payroll is processed, and paychecks are issued on the last business day of each month. For example, days worked in August are compiled at the school level and reported to the payroll department by September 5. The payroll department develops the payroll, and paychecks related to those days worked in August will be issued on the last business day (for Central Office) of September. Employees must sign-in to work in the beginning and sign-out of work at the end of the day. Employees not signed in/signed out will be considered as not worked, and their pay will be deducted accordingly. All employees are required to utilize the Direct Deposit of paycheck. “First-time-ever” education employees may opt to be paid over thirteen (13) months for the first year only. (Policy 3.11.3)
Payroll Deductions

Employees’ earning statements are archived monthly through the Employee Self Service Portal located under the “Faculty” tab on the Russell Count School District website. It is the employee’s responsibility to review earnings statements each pay day. Any errors or unexplained discrepancies should be reported to the payroll department immediately.

Mandatory deductions from paychecks are Federal Withholding Tax, State Withholding Tax, Social Security Withholding Tax (FICA), Medicare, and Teachers Retirement System Contribution. Other payroll deductions may be made based on authorization by the employee including, but not limited to: Insurance Premiums, Union Dues, Charitable Contributions, court ordered payments, and other miscellaneous deductions. (Policy 3.11.4)
**403(b) Plan Eligibility Announcement to Employees**

To: All Eligible Employees

Date: School Year 2020-2021

Re: Notice of your right to participate in the 403(b) Retirement Plan sponsored by:

Russell County Schools, Al
(Employer)

In compliance with Internal Revenue Service (“IRS”) Universal Availability requirements, we are pleased to offer eligible employees the opportunity to voluntarily save for retirement by participating in the 403(b) Plan (“the Plan”). All employees who receive compensation reportable on an IRS Form W-2 are eligible to participate in the Plan, except for those who are specifically excluded by the Plan.

If eligible, you may participate in this Plan by establishing a 403(b) account with one of the Plan’s approved Investment Providers and completing a salary reduction agreement to make pre-tax contributions or (if permitted by the Plan) Roth 403(b) after-tax contributions.

Generally, salary reduction contributions can be made in an amount up to the lesser of 100% of includable compensation or the annual limitations set by the IRS. For the 2020 tax year, the annual contribution limit is $19,500 with a catch-up contribution of up to $6,500 for employees that are age 50 or older. If permitted in the Plan, you may also qualify for an additional catch-up contribution of up to $3,000 if you have completed 15 years of service or more with the school district. To determine the amount of additional catch-up, a Maximum Allowable Contribution (MAC) worksheet must be completed with your sales agent and returned to the payroll department along with a completed salary reduction agreement for approval.

Please be aware that if you participate in more than one 403(b) Plan or another qualified Plan such as a 401(k), you will be responsible for tracking and reporting the amount of your total contributions to the school district so you do not exceed the annual contribution limitation as permitted by the IRS.

By electing to participate in the Plan, you are acknowledging and agreeing to abide by the Plan’s rules and all IRS regulations related to 403(b) Plans. To learn more about the 403(b) Plan, including, but not limited to, (1) exclusions to participation, (2) Plan distribution/transfer/rollover rules, and (3) a list of the Plan’s approved Investment Providers, please contact the school district. You may also contact our administrative services provider, AFPlanServ, by calling 866-560-6415 or by sending an email to WG-Annuity-AF-PlanServ@americanfidelity.com.

For information about specific 403(b) investment products offered by each of our Plan’s approved Providers, it will be the employee’s responsibility to contact each company directly.

Please contact the school district if you have questions regarding this Notice and/or if you would like to participate in the Plan.

*Please be sure to consult with your legal or tax advisor before participating in the 403(b) Plan. AFPlanServ does not provide tax or legal advice.*

Leave with pay may be granted to employees of the School System for absences from their assigned duties due to illness or some other unavoidable cause which prevents such employees from discharging their duties. **Employees must notify their immediate supervisor of their absence as early as possible.** Authorization is granted under provision of State law, rules and regulations of the State Board of Education, and policies of the Board. Sick leave may be taken for the following purposes:

1. Personal illness;
2. Incapacitating personal injury;
3. Attendance upon an ill member of the employee’s immediate family, defined as a spouse, parent, child, sibling or any person with a close personal tie;

The total number of personal leave days is earned over the terms of the full contract period. Therefore, certified employees who use all five (5) personal leave days and fail to complete their full
contract period may be required to reimburse the school system for such days on a daily rate of pay basis prior to leaving the school system.

Employees are encouraged to notify their principal and/or supervisor as far in advance as possible prior to taking personal leave. Personal leave must be requested in accordance with such procedures as may be established by the Superintendent or the Board. Employees may not use personal leave days in increments of less than one-half (1/2) days. Personal leave may not be taken during the first or last two weeks of school, or immediately before or after a holiday, or other times deemed critical by the Superintendent, unless approved by the employee’s immediate supervisor.

Personal leave days are non-cumulative and may not be carried forward to the next school year. Upon written request, teachers may be compensated for unused personal leave at the end of the scholastic year at the same daily rate of pay used for substitute teachers. All other unused personal leave converts to sick leave days at the end of the scholastic year. (Policy 5.10.5/ALA Code 16-8-26)

Russell County School District Anaphylaxis Plan

Policy statement and purpose:
The Russell County School District believes that the safety and wellbeing of children who are at risk of anaphylaxis is a whole community responsibility. The school is committed to:

· Providing as far as practical, a safe and healthy environment.
· Raising awareness about allergies and anaphylaxis among the school community and children in attendance.
· Ensuring each staff member and other relevant adults has adequate knowledge of allergies, anaphylaxis and emergency procedures.
· Facilitating communication between all staff, students and families to ensure the wellbeing of children at risk for anaphylaxis.

Scope:
This policy applies when a child is diagnosed as being at risk for anaphylaxis and is enrolled in school. It applies to the whole school community, students, parents/guardians and school volunteers.

Background:
Anaphylaxis is a severe, life-threatening allergic reaction. Up to two percent of the general population and up to five percent of children are at risk. The most common causes in young children are eggs, peanuts, tree nuts, cow milk, bee or other insect stings, and some medications.

Young children may not be able to express the symptoms of anaphylaxis. A reaction can develop within minutes of exposure to the allergen, but with planning and training, a reaction can be treated effectively by using an adrenaline auto-injector called an EpiPen®.

The school recognizes the importance of staff responsible for the child/children at risk of anaphylaxis undertaking training that includes preventative measure to minimize the risk of an anaphylactic reaction, recognition of the signs and symptoms of anaphylaxis and emergency treatment, including administration of an EpiPen®.

Staff and parents/guardians need to be made aware that it is not possible to achieve a completely allergen-free environment in any school that is open to the general community. Staff should not have a false sense of security that an allergen has been eliminated from the environment. Instead the school recognizes the need to adopt a range of procedures and risk minimization strategies to reduce the risk of a child having an anaphylactic reaction, including strategies to minimize the presence of the allergen in
the school.

Definitions:

**Allergen**: A substance that can cause an allergic reaction.

**Allergy**: An immune system response to something that the body has identified as an allergen. People genetically programmed to make an allergic response will make antibodies to particular allergens.

**Allergic reaction**: A reaction to an allergen. Common signs and symptoms include one or more of the following: hives, tingling feeling around the mouth, abdominal pain, vomiting and/or diarrhea, facial swelling, cough or wheeze, difficulty swallowing or breathing, loss of consciousness or collapse (child pale or floppy), or cessation of breathing.

**Anaphylaxis**: A severe, rapid and potentially fatal allergic reaction that involves the major body systems, particularly breathing or circulation systems.

**Anaphylaxis action plan**: A medical management plan prepared and signed by a doctor providing the child’s name and allergies, with clear instructions on treating an anaphylactic episode. A sample form will be included at the end of this policy.

**Anaphylaxis management training**: Training provided at the Russell County School District yearly by the registered nurse. Training includes but is not limited to return demonstration, Powerpoint presentation sent to each staff member for review, confidential health history summary for staff in each building including a section for students with epi pens.

**Children at risk of anaphylaxis**: Those children whose allergies have been medically diagnosed and who are at risk of anaphylaxis.

**EpiPen®**: A device containing a single dose of adrenaline, delivered via a spring-activated needle, which is concealed until administered.

**EpiPen® kit**: An insulated container, for example an insulated lunch pack. The kit should contain a current EpiPen®, a copy of the child’s anaphylaxis action plan, and telephone contact details for the child’s parents/guardians, the doctor/medical service and the person to be notified in the event of a reaction if the parents/guardians cannot be contacted.

**Intolerance**: Often confused with allergy, intolerance is a reproducible reaction to a substance that is not due to the immune system. (i.e. lactose intolerance)

**No food sharing**: The practice where the child at risk of anaphylaxis eats only that food that is supplied or permitted by the parents/guardians, and does not share food with, or accept other food from any other person.

**Nominated staff member**: The nurse in each building is responsible for obtaining EpiPen®’s and keeping them current.

**Risk minimization**: A practice of reducing risks to a child at risk of anaphylaxis by removing, as far as is practicable, major sources of the allergen from the school and developing strategies to help reduce risk of an anaphylactic reaction.
Individual Healthcare Plan (IHP): A plan specific to the school that specifies each child’s allergies, the ways that each child at risk of anaphylaxis could be accidentally exposed to the allergen while in the care of the school, practical strategies to minimize those risks, and who is responsible for implementing the strategies. The risk minimization plan should be developed by families of children at risk of anaphylaxis and staff at the school and should be reviewed at least annually, but always upon the enrollment or diagnosis of each child who is at risk of anaphylaxis.

Pathophysiology and Treatment:

Signs and Symptoms of Anaphylaxis Include:
Anaphylaxis can affect any part of the body and cause various symptoms. The most dangerous symptoms include breathing difficulties and a drop in blood pressure or shock, which are potentially fatal. Other signs and symptoms are hives, itching, red water eyes, runny nose, vomiting, diarrhea, stomach cramps, change of voice, coughing, wheezing, throat tightness or closing, difficulty swallowing, difficulty breathing, sense of doom, dizziness, fainting or loss of conscience, change of skin color.

Medications:
- Epinephrine
- Antihistamines (Benadryl)

Treatment is centered on treating the rapidly progressing effects of histamine release in the body with epinephrine. The allergen should also be removed immediately.

The health offices will have standing orders written by the student’s physician to administer Epi-pens in the event of unsuspected anaphylaxis and those students who we are aware of.

EpiPen® Administration Protocol

If student is known to be allergic, follow protocol as per physician order. If no instructions are on file and/or this is a previously undiagnosed student:

1. If signs and symptoms of anaphylaxis – Notify school nurse or medical designee, instruct someone to call 911, then parent. If no one else is around, administer to the student first. Remain with the student and monitor him/her until other health care persons arrive
2. Inject EpiPen® into fatty part of outer thigh (through clothes is fine). HOLD FOR 10 SECONDS. A child weighing between 30-60 pounds will be given EpiPen® Jr. A child weighing over 60 pounds will be given EpiPen®.
3. Immediate evacuation to the nearest medical facility Piedmont Columbus Regional Midtown Hospital, unless otherwise, specified by the parent. A copy of the student’s emergency record should be sent with the EMS.
4. A repeat injection may be given in 15-20 minutes if symptoms do not improve or before medical assistance arrives by a licensed health care provider only.
5. Monitor blood pressure. Elevate legs if the blood pressure is low.
6. Cover with blankets if necessary to keep warm; don’t allow blankets to interfere with handling or observation.
7. Notify parents/guardians again if necessary.
The general standing order must be renewed each school year by the Nurse’s Office.

**PHYSICAL RESTRAINT AND SECLUSION**

**Policy Purpose**

1. The Russell County School District acknowledges that maintaining a school environment conducive to school learning requires that the environment be orderly and safe. Accordingly, physical restraint of a student may sometimes be necessary in order to protect the student or other individuals.

2. The purpose of this policy is to ensure that physical restraint is administered only when needed to protect a student and/or member of the school community from imminent, serious physical harm, and to prevent or minimize any harm to a student as a result of the use of physical restraint.

3. The Russell County School District places an emphasis under this policy on the prevention and de-escalation of inappropriate behavior, which reduces the risk of injury to both students and program staff, as well as the care, safety, and welfare of our students.

**Definitions**

1. Physical restraint is direct physical contact from an adult that prevents or significantly restricts a student’s movement. The term physical restraint does not include mechanical restraint or chemical restraint. Additionally, physical restraint does not include: providing limited physical contact and/or redirection to a student in order to promote safety or to prevent self-injurious behavior; providing physical guidance or prompting to a student when teaching a skill; redirecting attention; providing guidance to a location; providing comfort; or providing limited physical contact as reasonably needed.
to prevent imminent destruction to school or another person’s property.

2. Chemical restraint is any medication that is used to control violent physical behavior or to restrict the student’s freedom of movement that is not a prescribed treatment for a medical or psychiatric condition of the student.

3. Mechanical restraint is the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. The term also does not include seatbelts and other safety equipment when used to secure students during transportation.

4. Seclusion is a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. Seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined herein; in-school suspension; detention; or a student-requested break in a different location in the room or in a separate room.

5. Time-out is a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used and is not seclusion when:
   
   (a) The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled.
   (b) The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the child; however, each time-out should not exceed 45 minutes.
   (c) The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student and has sight of the student while in time-out.
   (d) The time-out space is free of objects that unreasonably expose the student or others to harm.

C. Prohibitions

1. The use of physical restraint is prohibited in the Russell County School District and its educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions, including verbal directives or other de-escalation techniques. Physical restraint is prohibited when used as a form of discipline or punishment.

2. All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress during the restraint. Any method of physical restraint in which physical pressure is applied to the student’s body that restricts the flow of air into the student’s lungs is prohibited in the Russell County School District and its educational programs.

3. The use of chemical restraint is prohibited in the Russell County School District and its educational programs.

4. The use of mechanical restraint is prohibited in the Russell County School District and its educational programs.
programs.

5. The use of seclusion is prohibited in the Russell County School District and its educational programs.

D. Requirements

1. Each local school’s principal or his/her designee and each educational program of the School System that utilize physical restraint under this policy will provide staff with guidelines and procedural information regarding physical restraint and will arrange for the appropriate training of those designated staff members that may be called upon to physically restrain a student. **Technology Acceptable Use Contract Summary and Policies**

**Introduction**

All use of Russell County School District (RCSD) network resources, including the Internet, shall be consistent with the System's goal of promoting excellence by facilitating resource sharing, innovation and communication. Russell County Schools relies on its computer network to enhance education outcomes. To ensure that RCSD’S computer resources are used properly by its employees, students, independent contractors, agents, vendors, and other computer users, the Russell County Board of Education has approved and given authority to the Superintendent to develop a Responsible Use Contract.

The rules and obligations described in the contract apply to all users of RCSD’s computer network or computer resources, wherever they may be located in RCSD’s policies. Specific policies against discrimination and harassment (sexual or otherwise) apply fully to RCSD’s computer resources, and any violation of these protocols serves as grounds for discipline up to and including termination.

Students who violate the contract are subject to disciplinary action consistent with Board policy and the Student Handbook. Vendors, consultants, and all other third party guest users must adhere to the protocols outlined in the contract and are subject to losing their right to access RCSD’s computer resources for violations of the contract.

By complying with the provisions in this Responsible Use Contract and in alignment with the District’s Data Governance and Use policy, users consent to monitoring as a condition of access under the Electronic Communications Privacy Act (1986). All users should be aware that RCSD’s computer resource uses including all its components are subject to monitoring in order to comply with the Alabama Supercomputer Authority and Family Educational Rights and Privacy Act (FERPA), as well
as the Children’s Internet Protection Act (CIPA). Employees, students, and other users should not have any expectation of privacy in anything they create, store, send or receive using the RCSD’s computer resources. The main goal of this aspect of the Responsible Use Policy is to ensure our children’s safety and protection while using technology for educational purposes.

All technology resource use will be governed by the requirement that it must add to the standards-based educational experience and growth of the user and not disrupt the educational process in anyway.

Policy Statements

The Children’s Internet Protection Act (CIPA) is a federal law that addresses concerns about access in schools and libraries to the Internet and other information. Under CIPA, schools and libraries are required to certify that they have certain Internet safety measures in place. These include measures to block or filter pictures that: (a) are obscene, (b) contain child pornography, or (c) when computers with Internet access are used by minors, are harmful to minors. Schools subject to CIPA are required to adopt a policy to monitor online activities of minors i.e. (a) access by minors to inappropriate matter on the Internet and the Web; (b) the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications, including but not limited to social networking sites; (c) unauthorized access, including so-called "hacking," and other unlawful activities by minors online; (d) unauthorized disclosure, use, and dissemination of personal information regarding minors; and (e) restricting minors' access to materials harmful to them.

Schools will annually provide for the educating of minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, cyberbullying awareness, and response.

All activities performed on any District-owned computer, related equipment, network, or electronic communication device, including Student Google Accounts, which are owned, leased or otherwise maintained by RCSD and their related content, including all files and data, (herein collectively referred to as “technology resources”) will be continuously monitored, inspected, searched, examined, and accessed by RSCD school authorities, for the safe and efficient operation or administration of the RCSD and in connection with its policies and procedures. Users of RCSD’s technology resources have no personal right of privacy or confidentiality with respect to the use or content of such technology resources.

Technology Acceptable Use

This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions caused by negligence or user errors or omissions. Use of any information obtained via the Internet is at the authorized user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

**Technology Unacceptable Use**

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal image or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a CRIME under state and/or federal law. Student users are also subject to discipline according to the Russell County Student Code of Conduct. Any illegal use will also result in civil and/or criminal liability.
Russell County Schools recognizes the value of social media, both for personal and professional use. However, there are some guidelines that should be addressed when educators use social media. The guidelines and reminders below have been developed to better protect (and inform) RCSD employees from charges of inappropriate use. Teachers should not “friend” students on personal social media.
